

# Photon 2015

## Friday 19 June 2015

### Photon collider prospects, new acceleration techniques and future accelerators (09:55-11:20)

-Conveners: Valeriy Serbo

time	[id] title	presenter
09:55	[67] Future high energy colliders	Prof. TELNOV, Valery
10:25	[68] Prospects for Higgs and gauge boson measurements in $\gamma\gamma$ collisions at FCC-e+e-.	Mrs REBELLO TELES, Patricia
10:45	[3] Developments of optical resonators and optical recirculators for Compton X/y ray machines	Dr MARTENS, Aurelien
11:05	[22] Photon spectrum and polarization for high conversion efficiency in Compton backscattering process	Prof. POTYLITSYN, Alexander
