

Photon 2015

Friday 19 June 2015

Related topics (11:20-12:00)

-Conveners: Valeriy Serbo

time	[id] title	presenter
11:20	[25] Proton radius puzzle	Dr KARSHENBOIM, Savely
11:40	[36] Delta(1232) contribution to real radiative corrections for elastic electron-proton scattering	Mr GERASIMOV, Roman

Related topics (13:30-14:50)

-Conveners: Simon Eidelman

time	[id] title	presenter
13:30	[24] Bound-free pair production in heavy-ion collisions at high energies	Dr SCHICKER, Rainer
13:50	[5] Effects of strong electromagnetic field in ultra-relativistic heavy-ion collisions	Prof. SERBO, Valeriy
14:10	[63] Quasiclassical approach to QED processes in the field of heavy atom	Dr LEE, Roman
14:30	[13] Charge asymmetry in the differential cross section of high energy bremsstrahlung in the field of a heavy atom	Mr KRACHKOV, Peter
