

# **CREMLIN WP7 "Super c-tau factory workshop"**

**Saturday 26 May 2018 - Sunday 27 May 2018**

**Budker INP**

## **Scientific Programme**

Review of physics at a Super c-tau factory  
Status of the BINP Super c-tau factory project  
Status of the Super c-tau factory project in China  
Discussion of the Super c-tau factory detector options:

Inner tracker  
Main tracker  
Particle identification  
Calorimeter  
Muon system  
Magnet  
Trigger and DAQ

Computing challenges of a Super c-tau factory
