

# The 9th International Workshop on Charm Physics (CHARM18)

## Wednesday 23 May 2018

### Hidden and Open Charm in Media (12:30-13:00)

-Conveners: Ivan Belyaev

time	[id]	title	presenter
12:30	[88]	Experimental review of Open Charm in pA collisions	Dr GRELLI, Alessandro

# Thursday 24 May 2018

## Hidden and Open Charm in Media (08:30-10:30)

-Conveners: Miguel Ángel Escobedo Espinosa

time	[id] title	presenter
08:30	[91] Experimental review of Open Charm in AA collisions	Dr ZHANG, XIAOMING
09:00	[92] Experimental review of Quarkonium Production in pA collisions	Dr ROBBE, Patrick
09:30	[40] Experimental review of Quarkonium Production in AA collisions	Prof. TANG, Zebo
10:00	[24] Theoretical overview of charmonium evolutions in the hot medium	Dr CHEN, BAOYI

## Hidden and Open Charm in Media (11:00-12:10)

-Conveners: Patrick Robbe

time	[id] title	presenter
11:00	[93] Open charm in heavy-ion collisions	Dr DJORDJEVIC, Magdalena
11:30	[49] Effective field theory calculations in open charm and charmonium production in media	Dr ESCOBEDO ESPINOSA, Miguel Ángel
11:50	[52] Charmonia at nonzero temperature from high precision lattice QCD computations	Mr SHU, Hai-Tao
