

The 6th International symposium on Negative Ions, Beams and Sources (NIBS'18)

Wednesday 05 September 2018

10th session (15:30-17:00)

-Conveners: Ursel Fantz

time	[id] title	presenter
15:30	[38] Complete compensation of criss-cross deflection in a negative ion accelerator by magnetic technique	Dr APRILE, Daniele
16:00	[113] H- beam formation and electron dumping strategies	Dr KALVAS, Taneli
16:30	[90] Development of OPPIS Ion Source for Polarized Negative Ion Beam Production.	Mr KOLMOGOROV, Anton
