

Russian Particle Accelerator Conference (RuPAC'23)

Monday 11 September 2023

Colliders 1 - Conference Hall (14:30-15:50)

-Conveners: Grigory Trubnikov

time	[id] title	presenter
14:30	[143] Performance enhancement of VEPP-2000 collider over the last two years.	RASTIGEEV, Sergey
14:50	[146] Особенности работы ВЭПП-4М на высокой энергии для экспериментов по физике частиц и с синхротронным излучением	PIMINOV, Pavel
15:10	[193] Новый метод монохроматизации e^+e^- столкновений.	TELNOV, Valery
15:30	[191] Precise measurement of the VEPP-4M beam energy near $\Upsilon(1S)$ meson peak using resonant depolarization method with laser polarimeter	NIKOLAEV, Ivan
