## The 12th International Workshop POSIPOL-2017

Monday 18 September 2017 - Thursday 21 September 2017

Budker INP

## **Scientific Programme**

## **Polarized positron sources**

**Matching device** 

**Undulator source** 

**Targetry** 

Physics applications of polarized positrons

**High intensity positron sources** 

**Energy deposition densities in targets, thermal** shocks

**Channeling radiation and applications** 

Physics applications of X-rays and gamma rays
